

漢字一覽1006(画数順)

Table of 1006 Chinese characters with stroke order and stroke count. The table is organized into rows and columns, with characters grouped by their stroke count (e.g., 1 stroke, 2 strokes, 3 strokes, etc.). Each character entry includes the character itself, its stroke order (e.g., 1, 2, 3), and its stroke count (e.g., 1画, 2画, 3画). The characters are arranged in a grid format, with some characters highlighted in grey boxes to indicate their stroke count. The grid is divided into sections by stroke count, with the first section containing characters with 1 to 9 strokes, and the second section containing characters with 10 to 14 strokes. The characters are listed in a specific order within each section, and the stroke order is indicated by small numbers next to the character. The stroke count is indicated by a number in a box next to the character. The table is a comprehensive reference for learning the stroke order and stroke count of 1006 Chinese characters.
